SUBMACHINE GUN

MINI UZI

UZI
the best
there is

... and now there are three UZI's, all featuring the same quality and dependability that have earned UZI its unrivalled reputation as being the finest firearm produced today.

The UZI Submachine Gun and the Mini-UZI can both be fired on automatic or semi-automatic. Amazingly low recoil and perfect balance assure sustained accuracy and effortless control. The Semi-Automatic model, available with choice of short or long barrel, does not offer automatic fire.

Complete spare parts, accessories and service facilities are available from Action Arms Ltd., Philadelphia, Pa., exclusive importer of UZI—the world's most respected submachine gun.
